THE FORBIDDEN CITY

Day 3

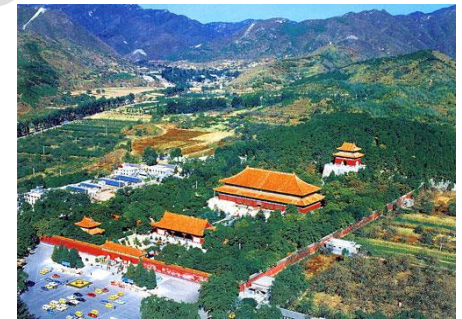

Imperial palace complex Forbidden City where 24 emperors rules here in the Ming and Qing Dynasty, Jingshan Park where you could get a bird's eye view of the Forbidden City.

The forbidden City was the Imperial Palace from Ming Dynasty to the end of the Qing Dynasty. It is located in the heart of the Beijing and now being as the Palace Museum. Built in 1406 to 1420, almost 500 years it served as the home of the Emperors and their households also consider as the ceremonial and political center, it covers 720,000sqm and consists of around 980 buildings. Listed as one of the UNESCO Site in 1987 as the largest collection of preserved ancient woodon structure in the world.

SUMMER PALACE:

Summer Palace - situated in the Haidian District northwest of Beijing City, is the largest and most well-preserved royal park in China. It's Chinese Name "Yihe Yuan" means Gardens of Nurtured Harmony, mainly dominated by two parts the Longevity Hill and the Kunming Lake. The Longevity Hill is about 60m high and house many buildings positioned in sequence, the front hill is rich with splendid halls and pavillions and the Kunming Lake was entirely manmade and the excavated soil was used to build the Longevity Hill. Also listed as UNESCO site as a masterpiece of Chinese landscape garden design.
